Evaluation Schedule 2: Value add by tenderer

The value added by the tenderer in delivering the service will be evaluated i.e. the answer to the question as to why the Employer will derive better value for money by contracting with the tenderer and making use of the Principal Consultant that is offered for the proposed service rather than with any other tenderer and their offered Principal Consultant.

Examples of value add may include:

- institutional memory which can be used to underpin the service;
- availability to engage with the Employer on specific issues
- office in the vicinity where the works are required
- insights gained from previous work of a similar nature;
- approaches to the proposed service and the countering of perceived risks;
- access to specialist expertise;
- internal quality control systems;
- previous or current work related to the required service;
- depth of in-house expertise apart from that residing in the Principal Consultant;
- networks of expertise which can be tapped into;
- local and international access to information / knowledge relating to the required and related services
- access to internet or library access to specialist literature or internal libraries and facilities
- software packages, proprietary products, equipment etc

The tenderer should specifically outline the value add with respect to the entity's portfolio of work and past experience in the field of health and safety agency services with particular reference to municipal infrastructure projects

The tenderer must briefly outline the value add offered in not more than six pages and attach this to this page. The tenderer should also state what value add other staff members will provide to the service and refrain from submitting generic company literature.

The scoring of the tenderer's value added will be as follows:

0	Tenderer has submitted no information or inadequate information to determine scoring level.
Poor (score 40)	Tenderer offers limited value add to the required service
Satisfactory (score 70)	Tenderer offers attractive value add to the required service
